

PRINCIPAL'S REPORT

August 17, 2000

Joe Draper

Summer School ran from June 19th through June 30th. Wilma Adams taught the primary grades with approximately eight students in attendance. Jon Fager taught the upper elementary. Babbi Goodwin and Shawna Rudio taught the Jr. High and High School. Preschool summer school ran through July and was taught by Cindy Easton and Holly Smith.

Numbers and final reports will be collected when teachers return to work.

Strategic **Planning training in Anchorage** was excellent. An outline of the process is attached. Approximately 20 people attended the conference. Joseph Reeves and John Holtz were both in attendance. We worked in groups of five or six and worked through the process using a hypothetical situation. We did not use our existing work from Unalaska City School District. A significant amount of time was spent on value clarification and writing a mission statement.

State Report Card data is submitted **to the State**. The forms are being forwarded **to** Unalaska for the complete report, which will include the narrative portion and the correct format for the public presentation of the information. This will be included in the Principal's report for the September Board meeting.

Leave Days prior to and following vacation. Guidelines for the process of the drawing are attached for your review. You will remember the last staff meeting of the year when the board and staff discussed the negotiated agreement and this process.

Student Activities Report

The Unalaska High School Swim Team began practice on August 14, 2000, coached by Roger Coburn. The Unalaska High School Cross Country team will begin practice on August 21, 2000, coached by Alan Haskins (**Rex Wertz** will coach until Alan returns on August 28). Both the swim team and the cross country team have meets scheduled for early September. Sports health physicals are tentatively scheduled for after school on August 29 and 30.
