

## Student Representative Report

December 21, 2000

Trever Shaishnikoff

The first thing that I would like to report that it is finally basketball season. The first games will be held on January 12. The girls team will be traveling to Bethel while we get to have a home game. I've had an opportunity to talk with members of both teams about the UCSD Substance Abuse Policy that we will be discussing tonight. I was very surprised to find out that there are a lot of students who support the proposed policy. I have discussed this plan several times and have changed my views of the policy almost every time.

This is the week of final exams, which means Christmas break starts tomorrow. There wasn't been much mention of Christmas around the school, more than likely because we are right in the middle of finals.

There is a lot of talk around the school about the possibility of getting the student travel meal allowance reinstated. In the last month, approximately thirty people have asked what I was doing to get ready for tonight's meeting.

Unfortunately, we were unable to have a town hall meeting this quarter. I look forward to next quarters meeting where hopefully I will be able to report whether or not the meal allowance is back, and also report on the Substance Abuse Policy.
