Immunization Program

Saturday April 21st Approximately 90 Pre-Kindergarten through sixth grade students received immunizations. Friday, April 20th, most Jr. High and High School students received their immunizations. Approximately 35 students currently need shots prior to next school year to be in compliance. The Public Health Nurse will be here one more time prior to school starting to administer the rest of the shots. We are in good shape thanks to Margaret and Marcie Custer, PHN.

Assembly by Missoula Theatre Group

The Missoula Theatre Group held an assembly and demonstrated some of the techniques and history of acting. Students in grades one through twelve enjoyed the assembly. The actors are scheduled to work with the Drama Class tomorrow afternoon. Thanks to the PCR, Arts Council and others who were responsible for bringing this group to the community.
