

**STUDENT REPRESENTATIVE'S REPORT  
OCTOBER 2002**

Junie Magpantay

The school year is rolling and we're almost at the end of our first quarter. Wrestling and Volleyball are well underway. Just last week the Girls' Vollebayll team had triumphed against King Cove—it was our latest victory, and I'm sure not our last.

Basketball season is just around the corner, with the Lady Raiders meeting for their first time last week. I'm sure they're all excited, seeing as they've been practicing their shooting skills during Open Gym (both at the school and the PCR) since even before the school year started.

The volleyball team will be leaving next week for King Salmon. Also next week, we will be welcoming the Akutan wrestlers. Swim team will be participating in a community meet Oct. 25<sup>th</sup>. Good-luck to all our teams—although I'm sure they don't need it.

Students are suggesting that lenience be given towards the hat rule. It is to my knowledge that this rule is enforced to prevent the promotion of gangs and illegality, along with the fact that a hat or hood can at times shade the eyes during class, permitting a student to sleep during a lecture. Students are asking that the rule be altered so that they may be permitted to wear hats as long as it is not disruptive to their learning (shading the eyes), or promoting gangs or illegality of any sort (such as distinctive “gang colours” or marijuana leaves).

Insufficient lighting in the foyer is one thing I have heard about, along with student parking. Although for that issue, we have yet to find a solution. The only thing they ask of you is that you please not tow their cars when they “accidentally” park in the visitor's parking space.
