Student Representative Report

March 25, 2004

Kaitilin Touza

The fourth quarter has started and we're in the home stretch for summer. Spring break seems to have had a reviving effect on the students.

The basketball teams played at the regional tournament during the break. The girls played hard and came out in fourth place. They would have liked to do even better, but are proud of how they did nonetheless. The boys also played hard, and came out with the boy's sportsmanship award. Cody Lee, Anne Lacson, C.C. Wilt, Katie Touza, Jack Touza, Ricky De Las Llagas, and Allan Paredes were selected for the academic award, which is given to athletes who maintain a 4.0 GPA even while participating in a sport. Mariah Robinson, John Nichols, and Joe E. Lekanoff were selected as all-tournament players, which is an honor that coaches vote on.

Students are content and seem mostly concerned about the end of school and parent teacher conferences. Progress reports will be out soon, and students hope for high marks and good words from their teachers.
