Student Representative Report

May 2005

As the school year has progressed, the school has sent students out to competition for sports, academics, and other competitions. Although, we don't always get first place, our sports teams still receive awards. We also get other awards when we travel. For example, the volleyball team received a sportsmanship award at a competition. The band received the academic award at the Solo and Ensemble competition held a couple of weeks ago in Anchorage. The groups and teams represent our school well.

The reason that I'm bringing this up is because no one really knows the awards that our school has received in the past couple of years. We always see the awards from the 90's but nothing recent. What I am asking for on behalf of the student body is another or a new trophy cabinet. The new cabinet doesn't have to be next to the ones that we currently have. The cabinet could be put across the hallway from the mural that is by the library. A trophy cabinet will cost, but the school could ask Mr. Haskins to have his Wood Shop class or Welding class to donate a trophy cabinet.

I think it would be a good thing to have another trophy cabinet to put our new trophies in, instead of having them spread around the office where people aren't able to admire them as well.

Also, I want to thank the School Board this year. I appreciate you listening to the concerns of the students since last fall brought to you by me. I just wanted you to know that your concern and time has made a difference in the school. Also, I've enjoyed my time being Student Representative. I have learned so much from all of you. Thank you.
