

Unalaska City School District
Board of Education
Principals' Report
September 1, 2005

- The 3-day Fall Teacher In-Service was held August 17-22.
- Camp Qungaayux was held at Humpy Cove August 8-12.
- The Back to School Community Barbeque was held on Aug. 29th. Mr. Sanborn did an excellent job on the grill. We had a great turnout.
- The after-school study program for 7th – 12th grade students began this week. Mr. Border and Ms. Wolf will staff the program Mondays through Thursdays from 3:30 – 4:30 PM.
- A “Back to School Open House” is scheduled for September 7, 2005.
 - Eagle’s View Elementary Achigaaalux: 6:00 – 7:00 PM.
 - Unalaska City School: 7:00 – 8:00 PM
- Sports physicals for students in grades 7 – 12 are scheduled for today (boys) and tomorrow (girls) from 3:30 until 5:30 P.M. in the Big Gym. We would like again to thank the Iliuliuk Health Clinic staff and Wendy Hladick for providing this free service to our student athletes each fall.
- Cross-country running practice began on August 1 and the team’s first meet was at Skyview High School in Soldotna on August 27. The team left this afternoon for a meet in Seward on Friday. Unalaska will host its annual Cross Country Invitational Meet on September 10. We will host teams from throughout the Aleutians who will arrive on the ferry and we will run the race on a new course on Strawberry Hill.
- The Student Assistance Team has been formed with representation from Elementary, Junior High, High School and Special Education. Weekly meetings will begin next week. We appreciate the teachers and staff who volunteer for this team.
- ASVAB testing has been schedule for Sept. 13th at the Burma Road Chapel.
- Exit exam retakes will be on Oct. 4th, 5th, and 6th.
- Al George, from LifeTouch Studios, has been here all week doing individual student and group pictures. While scheduling the photographer earlier this year was somewhat disruptive for teachers trying to establish beginning of the year routines, it will be beneficial to have this disruption out of the way early and will take some pressure off the yearbook staff in meeting deadlines.
- Pre-school is once again under way with thirty-nine 3 year olds and thirty-two 4 year olds. The students have already made strawberry flavored play dough, experimented with the sand table, are painting pictures and are participating in a variety of other activities. The pre-school rabbit is once again greeting students in the morning as he hops up and down the hall.
- It has been one of the smoothest starts to school in recent memory and we are looking forward to another great year. We hope to see parents in the schools often, and we thank you for your continued support.

John Conwell
Jr/Sr High School Principal

Sandy Lamoreaux
Elementary School Principal
