

Student Representative Report  
February 2006  
Monica Southworth

Recently, I discovered I was going to be doing a lot more work for the newspaper because the head-reporter had left town and there was no one to fill his shoes but me. Since I found myself writing about student activities that were happening in the school, Mr. Conwell told me that I could just write about the same activities in my student report.

In addition to this, it seems that every February students are happy with the way things are, or they're just too busy thinking about Spring break. The reason I say this is because last year, students didn't have much to say during this time either. The important thing is recently, students haven't been approaching me with suggestions for changes, complaints, or ideas. One way this happening could be interpreted is that the School Board is doing a good job and I can say that they are happy.

On Thursday Feb 16, the Lady Raiders Basketball Team flew to Bristol Bay to play against the Angels. They played Friday and Saturday night. The final score for the first game was 70-37 and the score for the second game was 56-44, both in favor of the Angels. This year's Tsunami Bowl Team, the Ocean Raiders, attempted to travel to Seward during the weekend of the 10th of February. The roads were closed at first, which caused all the teams to give their presentation via tele-conference. Teams were located in Seward, Kenai, and Anchorage. The Ocean Raiders gave their talk and placed fourth. Their paper received second and overall they placed second for project and presentation. When the roads finally opened the team drove down only to run into an avalanche. The two chaperones made the wise decision to bring the students back to Anchorage. The team did not participate in the Quiz Bowl portion of the competition and were disqualified with the rest of the teams that did not wait for the road to be cleared. However, after a long season of hard work to prepare for the competition, the team is glad with their standing.
