

Jade Leclere

Week of April 8-12, 2019

The Principal's pick for Student of the Week is Jade for the following reasons:

Jade has had an incredible 8th grade year and I am beyond proud of how well she is doing. She has made the decision this year to focus on her schoolwork, is goal oriented and is taking tremendous pride in all of her classes. She is a leader in Raider Academic Advisory and can be counted on to complete her work on a regular basis and to serve as a role model to other students. Her growth from last year to this year has been awesome to see. Great job Jade and keep up the great work.

~Mr. Wilson, Principal

Jade has been doing a fabulous job in Health this quarter. I have enjoyed having Jade in class. Jade has been responsive, understanding, and willing to get outside her comfort zone to be successful. Jade gets into meaningful conversations with topics. Way to go Jade. Congrats on getting SOTW! You deserve it!! ***~ Mr. Clausius, PE / Health Teacher***

Jade has shown a lot of maturity over the past year. As a 7th grader Jade had a harder time adjusting to her teachers expectations. Now as an 8th grader Jade is more consistent with producing high level school work. She has become more willing to ask questions on topics she doesn't understand. Because of both of these, Jade is earning higher grades in her classes. Keep up the good work Jade. Finish the year strong.

~ Mr. Russell, Social Studies Teacher

Jade is the daughter of Julio & Yudelka Leclere
